PROJECT COSTS		EUR
1	Staff costs	330.540,00
2	Travel Costs	60.500,00
3	Costs of Stay	183.600,00
4	Equipment Costs	195.000,00
5	Subcontracting Costs	56.710,00
A – Grant for Project Activities (1+2+3+4+5)		826.350,00
B – Additional Grant for Special Mobility Strand		0,00
Total Grant requested from the European Union (A+B)		826.350,00

Listed below are some of the reasons for the reduction or revision of the breakdown of the figures costed into your original budget.

*The application does not specify what **equipment** is needed for what purpose and it is not clear why such a high number of desktops, laptops and tablets for some HEIs are needed to implement the project. The lack of clarity and detailed explanations lead to believe the Equipment budget heading is a bit over estimated and has therefore been reduced by approximately 10%, corresponding to € 23.750,00.*

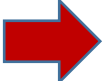

*The **sub-contracting** costs seem overestimated and could be reduced by taking a more cost-efficient approach. This refers especially to the printing costs of 49.150 €, which have been reduced to a more reasonable amount of € 35,000 €.*

*Following these reductions, which had an impact on the total grant requested, the **Staff Costs** budget heading had to be adjusted in order to respect the ceiling of 40% of the total grant (Erasmus+ Programme Guide pp.161-162). Therefore, the maximum eligible amount for the staff costs is now € 330.540,00 and an additional amount of € 15.816,00 has been subtracted from your grant.*

As a consequence of the above remarks, your original budget has been reduced by a total amount of 53.716,00 € and it will result in an eligible budget of € 826.350,00.
