# Events and activities

## Kickoff meeting, 12/12/2016

The kick off meeting for ERASMUS+ PESHES project will be held on December 12, 2016 in Belgrade, Serbia. All partners will participate on that event, presenting their Universities and current issues on their Universities. Other important issues will be also addressed such as: management, financial issues, reporting, and quality management.

[Kickoff meeting Agenda](#)

## Project's objectives

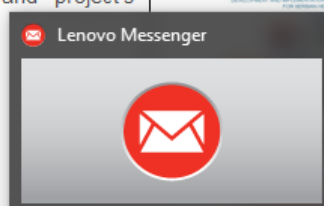

The wider objective of this project is to achieve improvement of management, operation and quality of higher education institutions and system in Serbia. The specific objectives of the project are definition and implementation of indicators and measures for performance based evaluation of higher education institutions and system as a basis for value based management in Serbian HEIs and system; structuring and pilot implementation of the system for ranking of institutions and study programs; introduction of performance measurement in accreditation and re-accreditation of study

programs and HEIs.

The realizing of these objectives should improve of quality of education by fulfilling tasks defined in National Strategy of education and National Action Plan. Also, it should improve the performance in core activities of HEIs – higher quality and to modernize and improve the financing of education at the University.

## Web site, 05/12/2016

ERASMUS+ PESHES web site was developed and published on December 05, 2016. All information about project and project's activities will be published on this web address.

## PROJECT

and implementation of system for performance evaluation for  
- PESHES" has wider objective Improvement of management,  
higher education institutions and system in Serbia. In order to  
the project has specific objectives to define and implement  
for performance based evaluation of higher education  
as a basis for value based management in Serbian HEIs and  
pilot implementation of the system for ranking of institutions  
the measurement in accreditation and reaccreditation of study  
project of structural measures and project is national (Serbia).  
and operation of higher education institutions" in category

These are connected with two the most important documents in  
Development Strategy in Serbia until 2020" (<http://www.mpn.gov.rs/wp-content/uploads/2020/2020.pdf>) and second one "Action Plan for  
Education in Serbia by 2020".

Analyzing the document "Action Plan for Implementation of the Strategy for Development of Education in Serbia by 2020", this project is focused on the first place on "Higher Education – Joint action", particularly action with code VO-ZD 09 "Introduction of quality indicators in Higher education". This particular action has following implementation action (according to Strategy and Action plan): (1) Definition of set of indicators for monitoring of condition of HE, (2) Improvement of accreditation standards, (3) Development of model for implementation of indicators (information system). We developed project proposal that is strictly focused on this action so our work package 2 corresponds to (1) and working package 3 corresponds to (3) and working package 4 corresponds to (2). In addition this project partly covers set of actions from "Higher Education – Joint action" (VO-ZD 08 Improvement of public responsibility of HE for quality of education, VO-ZD 21 Improvement of approach students' centric education, VO-ZD 24 Improvement of cooperation with employers, business and industry, VO-ZD 25 Improvement of research component of HE and VO-ZD 26 Improvement of innovation potential and innovation outcomes). On the second place project is focused on "Academic studies (bachelor and master), action VO-AC05 "Introduction of ranking of study programs" with implementation actions: (1) Definition of set of indicators, (2) Analysis of different ranking programs (based on opinion of employers as well as based on knowledge of students), (3) Systematic inclusion of employers in procedure of evaluation and ranking (4) Establishment of Manual for ranking of study programs. All this implementation activities are covered by specific working packages.
