Regular surveys conducted by tertiary statistics

- **All levels of formal tertiary education:**

- Survey on enrolled students
- Survey on new entrants students (enrolled in the first year of studies)
- Survey on graduated students
- Survey on teaching staff

- All surveys are conducted in annual periodicity

- Reporting units are all institutions in tertiary education (universities, faculties, academies and vocational higher schools), state and private, and observation unit is a student.

- Complete coverage for all levels of tertiary education (bachelor, master, PhD)

- Instruments for data collecting – Questionnaires (web and mail option):

- Summary report for teaching staff and institution structure in tertiary education
- Individual report for each enrolled and graduated students

www.stat.gov.rs / stat@stat.gov.rs

Which data are collected?

- **Tertiary education (ISCED 5, 6, 7, 8):**

- On enrolled and graduated students (all three education levels) by sex, age, previously acquired education, way of financing studies, accommodation and way of supporting during the studies, marital status, citizenship, national affiliation, working status of the students. Moreover, the data on students with disabilities who need some kind of assistance are collected, including the sorts of assistance.

- On teaching staff: data on number of teachers and assistants, teachers with a PhD, number of mentoring doctoral candidates. The data are available by sex and by Full time equivalent.

- All data are presented by fields of education (ISCED)

- **Other education data sources in SORS:**

- Labour Force Survey (LFS)
- Census of population
- Other sample-conducted surveys
